SUMMARY

Business Analyst and financial data professional with 15+ years' experience supporting investment banking and asset management functions. Extensive experience working with derivatives, fixed income and equity products, investment reporting, stakeholder engagement, requirements gathering and business-critical data solutions. Combines strong financial markets knowledge with modern technical skills including Python, SQL, data analysis, reporting automation and business systems support.

FINANCIAL MARKETS, REPORTING & BUSINESS SYSTEMS EXPERIENCE | 2004 - 2019

Trade Support/Operations | 2004 - 2008

- Applied deep front-to-back trade lifecycle knowledge across derivatives, fixed income and equity products within investment banking and asset management environments.
- Worked closely with front-office stakeholders including traders, investment managers and research teams to support reporting, data analysis and business-critical operational processes.
- Supported settlement workflows, reconciliations and trade lifecycle processes across investment banking and asset management operations, ensuring data accuracy and operational control.
- Supported investment reporting and recommendation processes across derivatives, fixed income and equity products, ensuring timely delivery of portfolio and client reporting outputs.

Investment Reporting & Marketing Support | 2008 - 2019

- Produced and maintained investment and client reporting products such as data books, monthly and quarterly datasheets analysing complex financial datasets for data visualisations and ensuring accuracy, transparency and data quality.
- Delivered investment reporting, research and analytical solutions for global financial institutions including HSBC, Citigroup, Barclays, BNP Paribas, LGIM, Threadneedle and Lehman Brothers.

Investment Reporting Executive | 2008 - 2019

- Acted as a liaison between business stakeholders and technical teams, gathering requirements and translating business needs into investment reporting and data solutions.
- Supported business change initiatives by gathering requirements, analysing data, investigating issues and working with stakeholders to improve reporting and operational processes.
- Supported testing and validation activities to ensure reporting outputs and business processes met stakeholder requirements.

KEY STRENGTHS

- Data Analysis & Reporting
- Python Development
- Business Systems
- Stakeholder Management
- Data Validation & Quality Assurance
- Requirements Gathering
- Application Support
- Financial Data Expertise
- Process Improvement
- Technical Problem Solving

TECHNICAL SKILLS

Data & Analysis: Data Analysis, Pandas, NumPy, Data Validation, Data Visualisation, Financial Reporting.

Development: Python, SQL, Django, PostgreSQL, JavaScript, HTML5, CSS3, Bootstrap.

Tools & Platforms: Git, GitHub, Jira, Agile, Heroku, Pytest.

Business & Systems: Stakeholder Management, Requirements Gathering, Business Process Analysis, Documentation, Problem Investigation, Quality Assurance.

TECHNOLOGY PROJECTS | 2023 - 2026

PyVisuals | Financial Data Visualisation Platform built and deployed in 3 weeks. | [GitHub](#) | [Live Demo](#) *Apr 2026*

Tech Stack: Python, Matplotlib, Seaborn, Pandas, Bootstrap 5, HTML5, CSS, Git, GitHub and VS Code.

- Built Python-based reporting pipelines to automate analysis of complex financial datasets and deliver stakeholder-ready visual insights.

Auraic | E-commerce Platform with Stripe integration built and deployed in 4 weeks. | [GitHub](#) | [Live Demo](#) *Mar 2026*

Tech Stack: Python, Django, Stripe API, HTML5, CSS, Bootstrap 5, jQuery, Git, GitHub, Heroku and VS Code.

- Delivered a full-stack e-commerce platform with secure Stripe payment integration, enabling end-to-end transaction workflows.
- Implemented authentication, product management, and checkout systems with a focus on data integrity and user security (GDPR-aligned).

Planora | Full-Stack Booking Application built and deployed in 4 weeks. | [GitHub](#) | [Live Demo](#) *Dec 2025*

Tech Stack: Python, Django, Bootstrap 5, Heroku, Git, GitHub and VS Code.

- Designed Django models and reservation workflows to support real-time booking updates and data consistency using Agile development practices.
- Improved data accuracy by implementing validation and automated scheduling logic.
- Gathered requirements and translated user needs into functional application features.

Luxe Atlas | Interactive Travel Platform built and deployed in 3 weeks. | [GitHub](#) | [Live Demo](#) *Sep 2025*

Tech Stack: HTML5, CSS, Bootstrap 5, JavaScript, jQuery, Google Maps API, Git, GitHub and VS Code.

- Built and deployed a mobile-first interactive travel platform using asynchronous data loading and API integration, improving page responsiveness and overall user experience.
- Optimised frontend assets, image loading, and JavaScript delivery, improving Google Lighthouse performance and accessibility scores to 100%.

Forever Ballet | UX-Focused Platform built and deployed in 3 weeks. | [GitHub](#) | [Live Demo](#) *Jun 2025*

Tech Stack: HTML5, CSS, Bootstrap 5, Git, GitHub and VS Code.

- Developed a WCAG 2.1-compliant website, improving accessibility and achieving near-perfect audit scores.
- Enhanced SEO readiness and usability through structured, responsive design.

EDUCATION

Level 5 Diploma in Web Application Development | Remote/Part-time *Completed Mar 2026*

Code Institute (City of Bristol College) Diploma focused on **data-centric full-stack frameworks**.

Overall Grade: **Merit**.

FREELANCE ROLES

Web Designer – Self-Employed *Jan 2020 – Sep 2023*

- Designed, built, and maintained multi-page website applying **responsive and mobile-first** design best practices.
- Improved **cross-browser compatibility** and page speed.

PowerPoint Designer – Freelance *Jan 2015 – Dec 2019*

- Designed high-quality marketing pitchbooks and presentations for stakeholders (Euromoney Trading).
- Normalised data and created **complex data visualisations** for **stakeholders**.

CLIENT PROJECTS

Web Designer – SEDS Connective (Volunteer role) *Dec 2025 – Mar 2026*

- Led the redesign of the organisation’s website, improving overall site usability and visual consistency.
- Produced four high-fidelity wireframe concepts to evaluate layout with stakeholders.

Website Editor – thisisthegeneration.com (Volunteer role) *Oct – Nov 2025*

- Redesigned site to improve layout, readability, and engagement.
- Created new visual assets, responsive components, and ensured cross-browser compatibility.
